## 1. Sustainability Vision and Management Strategy GRI 2-16,GRI 2-22,GRI 2-23,GRI 2-24

Based on the vision to “create and cohere sustainable value for a sustainable society,” we hope to constantly create and cohere sustainable value to contribute to social sustainability. Based on the sustainable vision, we have developed three core strategies: “R&D and innovation”, “steady operations”, and “social inclusion”, hoping to create value with stakeholders together. We extend the contents of the core strategies into seven key topics as the foundation for honest and reasonable partners to build visions.

As a member of the USI Corporation, TTC will strive to uphold the group’s vision and establish four main sustainability principles: establish robust governance, creating an innovative supply chain, fostering a friendly environment, and fostering an inclusive society. We will link issues, and each year we review the consistency between the results of analyzing major issues and sustainable principles, as well as reviewing the status of annual progress achievements. TTC’s sustainability strategy and its plans to promote economic, environmental, and social aspects are as mentioned above:
